Current Economics (CE) is a specialised newsletter which helps students and teachers to keep up to date with current trends, issues and policies in the Australian and global economies.

Current Economics features articles on key topics in Australian secondary economics courses, written and edited by Tim Riley.

Current Economics also includes economic statistics and budget forecasts; analysis of trends in the Australian economy; government policies; and briefs on selected economic concepts.

Some of the topics covered during 2012 include:

- Global Economic Prospects and Policies in 2012
- The Outlook for the Australian Economy in 2012
- Australian Tariff Protection and Industry Assistance
- Recent Trends in Australia's Balance of Payments
- Fiscal Policy and the 2012-13 Federal Budget
- Australian Monetary Policy and Interest Rates
- Recent Trends in Growth, Inflation and Unemployment
- Recent Trends in the Distribution of Income and Wealth
- The Causes and Dimensions of Unemployment
- Microeconomic Reform in the Australian Economy
- Recent Trends in Employment and Productivity
- The World Trade Organisation and Free Trade
- The Role of the ACCC and Competition Policy
